

I CAN GET ON A BUS CAN YOU?

If you can take the bus to work or school at least once a week, you'll help take cars off the street, reduce pollution and cut your commute costs. Along the way, you can relax, think about your day, and gloat in the fact that you're not fighting traffic. For more information on how you can make a difference, call 831-429-POOL or visit commutesolutions.org. *walk · bike · bus · carpool · vanpool*

Commute Solutions is a program of the Santa Cruz County Regional Transportation Commission.
